Learn the latest information about HPV vaccination, recommended strategies to increase coverage, and new regulations affecting how clinicians at school-based health centers can help protect more young people from HPV-related cancer.

OBJECTIVES

• Explain benefits of HPV vaccination.
• Describe school-based health center (SBHC) strategies to promote HPV vaccination.
• Identify effective communication strategies to improve HPV vaccination coverage in your patient population.

TARGET AUDIENCE

This program is designed for health care professionals: MDs, NPs, PAs, nurses providing services for children and adolescents in NYS School Based Health Centers. This conference will address issues that affect the patient, provider, school staff and SBHC staff.
INCREASING HPV VACCINATION IN SCHOOL-BASED HEALTH CENTERS
